

Welcome to the 2008 edition of the SPC catalog

We are proud to herewith present the new SPC catalogue. In this catalog, you will find 243 products whereof **72** are either **new or improved products**. We are proud to introduce **13 full pages of new products** in this catalog. Before launching these items, we have done thorough market research in the market place in order to present customer orientated product solutions. This catalog is more then ever the "reference" for adsorbent products.

As you most likely know, the SPC logo has changed in the past year – "SPC – A BRADY BUSINESS – When Performance Matters Most". During April of 2007, SPC became a part of the Brady Corporation family of companies. This allows SPC to become a more powerful player in the market. Brady also brings financial strength to SPC. This will allow us to invest in people, infrastructure, as well as new products and new technologies.

One of the most important synergies between SPC and Brady is our distribution channels. This gives, in many cases, the possibility for the supply of both Brady and SPC products through the same distributor.

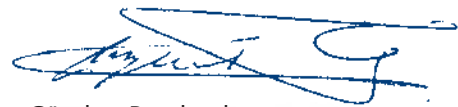

Whom is Brady? Brady Corporation is an international manufacturer and marketer of complete solutions that identify and protect premises,

products and people. Products include high-performance labels & signs, safety devices, printing systems and software, and precision die-cut materials. Founded in 1914, the company is the provider of choice to more than 500 000 customers in electronics, telecommunications, process industry, electrical, education, medical and a variety of other industries. Brady is headquartered in Milwaukee, Wisconsin and quoted on the New York Stock Exchange. The Brady group employs over 8600 people at 90 locations all over the world. The net sales of Brady in FY07 was over \$ 1.350.000.000 which was an increase of over 33% against FY06.

I hope that you will enjoy looking through this new catalog. We also welcome suggestions and/or comments from you so that we can make the next edition even better.

Our European sales team and customer service team are available to answer any questions you may have. We would like to leave you with this message: "SPC - When Performance Matters Most".

Yours Sincerely

Günther Bruyland

A word about Brady	55

Why Polypropylene Sorbents?

- **Reduce Costs**
- **Increase Productivity**
- **Improve Safety**

More and more industries are using Meltblown Polypropylene (MBPP) sorbents for the control and clean up of oils, industrial liquids and chemicals in their workplace.
See for yourself why MBPP sorbents are the product of choice !

GRANULES

MBPP SORBENTS

1.

- **LOW ABSORPTION**
(1 or 2 x its weight)

- **ADSORBS 10 TO 25 X ITS WEIGHT** so you use less material... saves money for the overall lowest cost of ownership.

2.

- **SLOW ABSORPTION**
(hours vs. seconds)

- **ADSORBS QUICKLY...** seconds vs. hours so spills are cleaned up fast.

3.

- **MESSY & more difficult to use.**

- **SIMPLE** – use like a giant paper towel!

4.

- **HIGH DISPOSAL COSTS**
due to volume needed.

- Less product used = **LOWER DISPOSAL COSTS**
Also, environmentally responsible as it incinerates to .02% ash.

€ \$ £ ¥ € \$ £ ¥

-47%

GRANULES

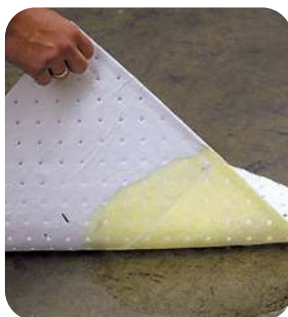

5.

- **DIFFICULT** & labor intensive to clean up.

MBPP SORBENTS

- **EASY** pick-up and disposal, saving time and money.

6.

- Small particles can enter & **DAMAGE MACHINERY** or your finished product.

7.

- **LIMITED** chemical resistance.

8.

- **POTENTIAL HEALTH HAZARDS** (i.e. if silica based)

- **SAFE** – no potential health risk of inhaled dust particles.

As a user of sorbents, you know where at least 75% of your leaks, drips and spills may occur. By using MBPP sorbents, you can easily place sorbents under these risk zones - something that is definitely too messy to do with granules.

THINK SMART ... WORK SMART

INDOORS

OIL BASED
LIQUIDS ONLY

Do you need a barrier to prevent
liquids from getting into the ground?

yes

Will the sorbent be placed
in a high traffic area?

Do you prefer a low-lint
product?

no

OIL AND/OR OTHER
LIQUIDS AND
CHEMICALS
- solvents
- acids
- etc

Do you need a barrier to prevent
liquids from getting into the ground?

yes

Will the sorbent be placed
in a high traffic area?

Do you prefer a low-lint
product?

no

A full range of SOC's,
pillows, spill kits and
booms are also
available

pages 17, 18, 19, 28, 29, 30, 36, 37-46

OUTDOORS

OIL BASED
LIQUIDS ONLY

Do you need a barrier to prevent
liquids from getting into the ground?

yes

Will the sorbent be placed
in a high traffic area?

Do you prefer a low-lint
product?

no

OIL AND/OR OTHER
LIQUIDS AND
CHEMICALS
- solvents
- acids
- etc

Is this for a chemical spill
emergency or cleaning?

yes

Is it a hazardous chemical?

no

MARINE

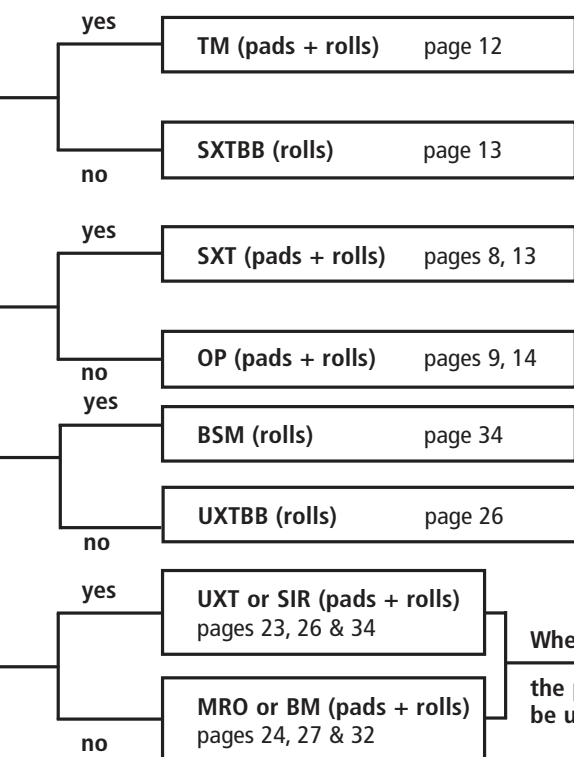

OIL BASED
LIQUIDS ONLY

Is it thick oil?

yes

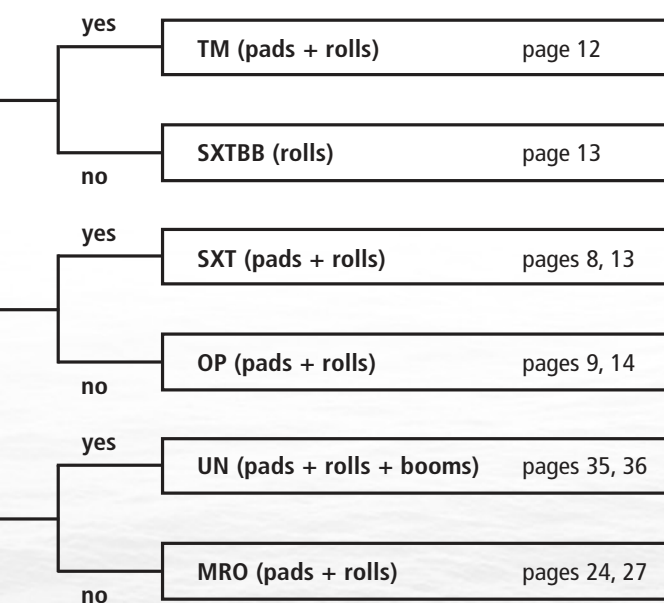

Do you prefer added
durability?

no

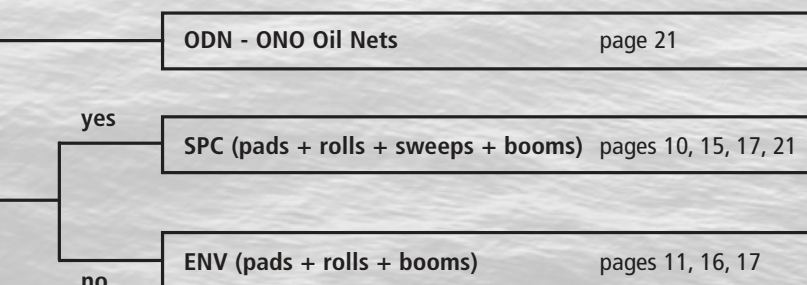

Where will
the product
be used ?

General use/maintenance:	MRO/GP	pages 24, 27 & 25, 28
General use/maintenance with limited traffic:	BM/HT	pages 32, 33
Walkways with high traffic:	SIR	page 34
General use/maintenance requiring low-lint:	UXT	pages 23, 26
Laboratories / dangerous chemical clean-up:	UN	pages 35, 36

Universal sorbents are not recommended for outdoor applications for general use as they adsorb water - use for emergency spills only.

SXT ... Extra-tough oil only pads. The ideal sorbent when durability or abrasion-resistance is required.

- Adsorbs oil & petroleum based liquids.
- Durable coverstock provides extra strength and lasts longer.
- Low-linting : makes SXT ideal as a "wipe down" sorbent by eliminating loose fibers.
- Soft & pliable sorbent makes it user-friendly.
- Perforated pads - use only what you need for smaller spills in order to minimize waste.

For use on a workbench...

...or an ideal "wipe-down" sorbent! Soft but durable outer cover makes it ideal for wiping down tools or machine parts.

Part No.	Description	Packaging	Adsorption Capacity
SXT100-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded	100 pads/box	124 liters NEW
SXT300-E	PADS, 41 cm x 51 cm Medium weight, perforated & bonded	100 pads/box	84 liters
SXT200-E	PADS, 41 cm x 51 cm Light weight, perforated & bonded	200 pads/box	136 liters

NEW & IMPROVED

OIL PLUS ... Our most popular oil only pads.
Perfect for general everyday use and emergency spill clean up.

- Adsorbs oil & petroleum based liquids.
- Ideal sorbent for dealing with leaks and drips in the work place.
- Perforated to help you minimize waste and lower your disposal costs.
- One sided spunbond gives extra strength as well as lower lint. **NEW**
- Available with SPC's unique "Dispense & Dispose" system for added convenience and lower cost per pad!
- Now also available in 10 packs of pads in a DND box – allowing smaller users to acquire smaller packs. **NEW**

Dispense & Dispose System :
*Dispenser box for easy access to the product
& disposal bags and box to ensure proper disposal of waste.*

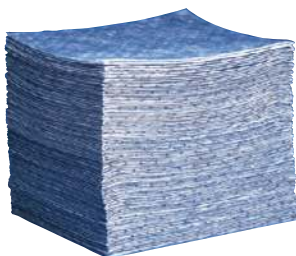

OP pads under oil cans & drums to catch small drips.

Part No.	Description	Packaging	Adsorption Capacity
OP100-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded	100 pads/box	112 liters NEW & IMPROVED
OP150-DND-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded with Dispense & Dispose System	150 pads/dispenser box	168 liters NEW & IMPROVED
OP100-E/10	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded	10 pads/bag 13 bags/dispenser box	146 liters NEW
OP333-E	PADS, 30 cm x 30 cm Heavy weight, perforated & bonded	50 pads/bag, 20 bags/box	464 liters NEW & IMPROVED

SPC BLUE ... Oil only pads with added durability.

- Adsorbs oil & petroleum based liquids.
- One-sided blue coverstock for added strength and less lint.
- Can be used as used as a "wipe down" sorbent.
- Popular sorbent in the paper industry where identification of foreign material in the production process is critical – SPC BLUE is highly visible!

Part No.	Description	Packaging	Adsorption Capacity
SPC105-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded	100 pads/bale	121 liters

SPC ... Our standard oil only pads for industrial or marine use.

- Adsorbs oil & petroleum based liquids.
- SPC pads are now up to 25% stronger! In addition, they now have a smoother, better looking finish with less lint...and improved durability!
- Packed in boxes for easy handling and storage.
- Convenient and cost effective pads for clean up of oil on land or water.
- Choice of 3 options: Heavy weight for high adsorbency, medium weight and light weight for less demanding applications.

Part No.	Description	Packaging	Adsorption Capacity
SPC100-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded	100 pads/box	114 liters
SPC200-E	PADS, 41 cm x 51 cm Light weight, perforated & bonded	200 pads/box	166 liters
SPC300-E	PADS, 41 cm x 51 cm Medium weight, perforated & bonded	100 pads/box	102 liters
SPC200-3-E	PADS, 30 cm x 30 cm Light weight, perforated & bonded	200 pads/bale	71 liters
SPC50-E	PADS, 84 cm x 100 cm Heavy weight, perforated & bonded	50 pads/bale	230 liters

ENV ... Oil only pads made with SPC's new MAXX Technology! Superior adsorbency, greater strength plus less weight means lower disposal costs!

- MAXX pads adsorb up to 24X their weight in oil - the most adsorbent pad per kilogram on the market!
- With MAXX technology less material is needed to pick up the same amount of oil, which results in lower disposal costs!

- MAXX pads are also up to 25% stronger! The superior finish on MAXX pads results in less lint and more abrasion resistance!
- Packed in boxes for easy handling and storage.
- Ideal for environmental/industrial applications where low cost and high adsorbency are required.

Part No.	Description	Packaging	Adsorption Capacity
ENV100-M	MAXX PADS, 41 cm x 51 cm Heavy weight	100 pads/box	136 liters
ENV200-M	MAXX PADS, 41 cm x 51 cm Light weight	200 pads/box	221 liters
ENV300-M	MAXX PADS, 41 cm x 51 cm Medium weight	100 pads/box	111 liters
ENV400-M	MAXX PADS, 41 cm x 51 cm Light weight	100 pads/box	110 liters

SR ... Static resistant oil only pads specifically designed for areas where static electricity is a concern.

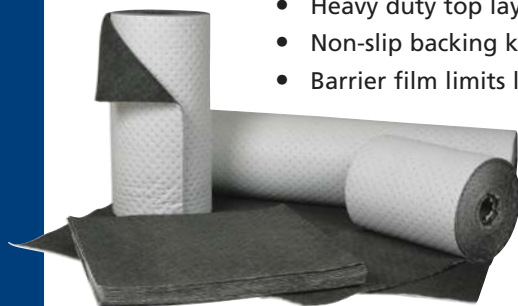

- Adsorbs oil & petroleum based liquids.
- For areas where static build-up is an issue - SR pads reduce the safety risk.

Part No.	Description	Packaging	Adsorption Capacity
SR1850	PADS, 38 cm x 48 cm Light weight	50 pads/bale	30 liters
SR3625	PADS, 84 cm x 100 cm Heavy weight, jumbo size	25 pads/bale	110 liters

TRACKMAT ... Oil only rolls for high traffic areas that require high adsorption and outstanding durability.

- Heavy duty top layer for maximum strength and durability, is ideal for heavy traffic.
- Non-slip backing keeps the mat in place.
- Barrier film limits liquids from penetrating to the floor.
- Grey color masks drips and spills for longer use.
- UV resistant top layer makes it ideal for use indoors and outdoors.

Great for use outdoors thanks to UV resistant top layer.

Ideal underneath leaking transformers.

Trackmat eliminates unsightly stains.

Part No.	Description	Packaging	Adsorption Capacity
TM58	MAT, 147 cm x 24.4 m Heavy weight, bonded & barrier backing	1 roll/bale	207 liters
TM19	MAT, 48 cm x 24.4 m Heavy weight, bonded & barrier backing	2 rolls/bale	135 liters
TM29	MAT, 74 cm x 24.4 m Heavy weight, bonded & barrier backing	1 roll/bale	104 liters
TM30	PAD, 74 cm x 74 cm Heavy weight, bonded & barrier backing	30 pads/bale	95 liters

SXT ... Extra tough oil only rolls. Designed for applications that require a durable, non-linting, abrasion resistant sorbent!

- Adsorbs oil and petroleum based liquids.
- 3-ply construction adds strength and durability.
- Spunbond outer layers make the product stronger for longer use and improved abrasion resistance.
- Ideal for use in areas with moderate foot traffic.
- Perforated for ease of use and less waste.

SXTBB ... Non-slip & impermeable rolls, ideal for use on floors or workbenches!

Keeps machine surroundings dry and slip free !

- Barrier backing keeps the floor and work surface dry & clean by limiting liquids from penetrating through.
- Non-slip barrier layer assures sure footing by preventing slips and falls.

Limits liquids from reaching the floor.

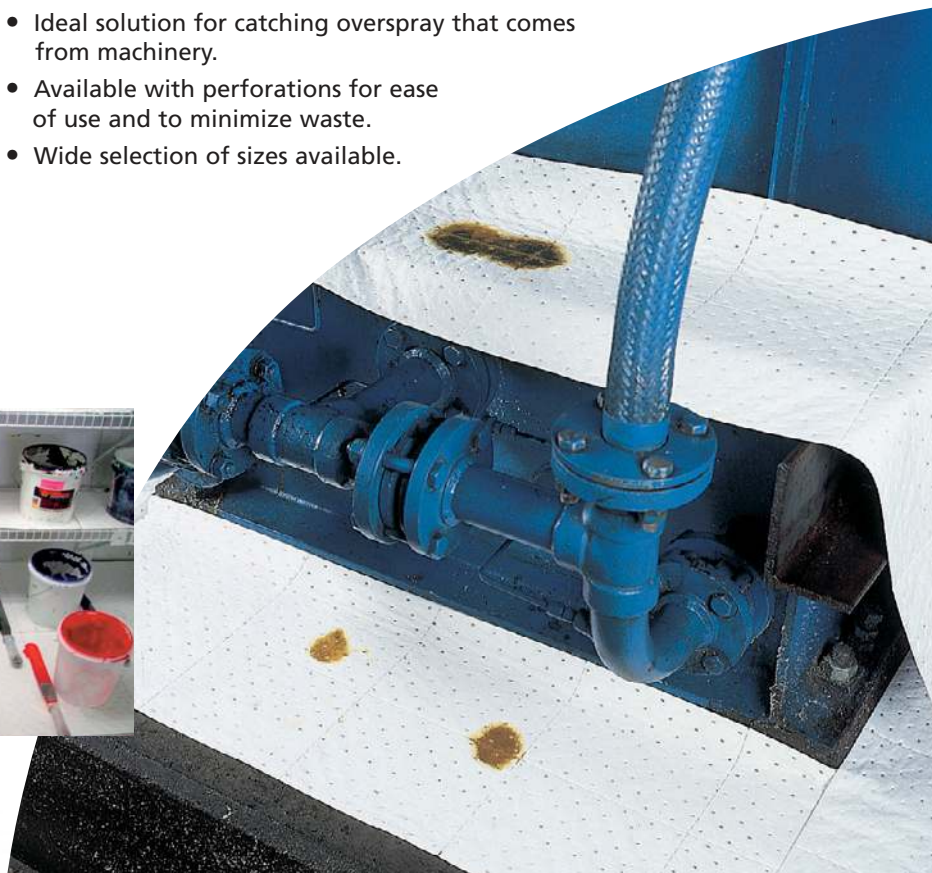

Part No.	Description	Packaging	Adsorption Capacity
SXT315-P	ROLL, 38 cm x 46 m Medium weight, perforated & bonded	1 roll/dispenser box	70 liters
SXT20-P-E	ROLL, 51 cm x 46 m Heavy weight, perforated & bonded	1 roll/dispenser box	139 liters NEW
SXT330-DP	ROLL, 76 cm x 46 m Medium weight, double perforated & bonded	1 roll/box	141 liters
SXT40-DP-E	ROLL, 102 cm x 46 m Heavy weight, double perforated & bonded	1 roll/box	279 liters NEW
SXT15BB	ROLL, 38 cm x 46 m Heavy weight, bonded with barrier backing	1 roll/bale	73 liters
SXT30BB	ROLL, 76 cm x 46 m Heavy weight, bonded with barrier backing	1 roll/bale	146 liters

NEW & IMPROVED**OIL PLUS ... Our most popular oil only rolls for general industrial use!**

- Adsorbs oil & petroleum based liquids.
- One sided spunbond gives extra strength as well as lower lint. **NEW**
- A high quality oil only sorbent where a combination of good adsorption and added strength is required.
- Ideal solution for catching overspray that comes from machinery.
- Available with perforations for ease of use and to minimize waste.
- Wide selection of sizes available.

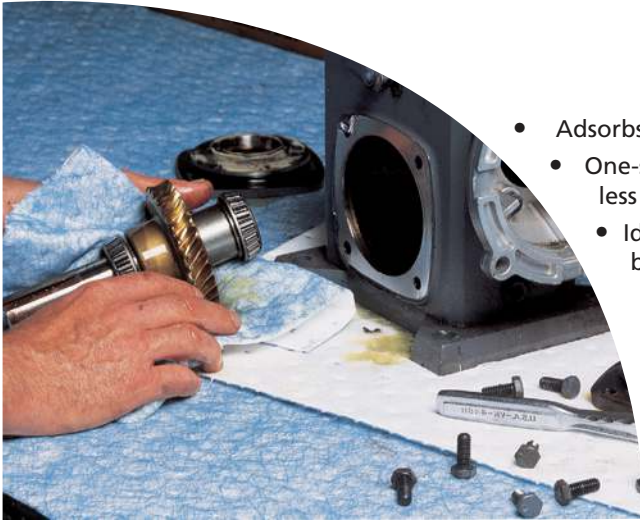

Use in storage areas...

...or use around or under machines to catch leaks and drips.

Part No.	Description	Packaging	Adsorption Capacity	
OP312-P-E	ROLL, 30 cm x 40 m Medium weight, perforated & bonded	1 roll/bag	59 liters	NEW & IMPROVED
OP15-E	ROLL, 38 cm x 46 m Heavy weight & bonded	1 roll/dispenser box	94 liters	NEW & IMPROVED
OP15-P-E	ROLL, 38 cm x 46 m Heavy weight, perforated & bonded	1 roll/dispenser box	94 liters	NEW & IMPROVED
OP15-DP-E	ROLL, 38 cm x 46 m Heavy weight, double perforated & bonded	1 roll/dispenser box	94 liters	NEW & IMPROVED
OP15-DPS-E	ROLL, 38 cm x 22 m Heavy weight, double perforated & bonded	1 roll/dispenser box	45 liters	NEW & IMPROVED
OP324-P-E	ROLL, 60 cm x 40 m Medium weight, perforated & bonded	1 roll/bag	119 liters	NEW & IMPROVED
OP30-E	ROLL, 76 cm x 46 m Heavy weight & bonded	1 roll/box	187 liters	NEW & IMPROVED
OP30-P-E	ROLL, 76 cm x 46 m Heavy weight, perforated & bonded	1 roll/box	187 liters	NEW & IMPROVED
OP30-DP-E	ROLL, 76 cm x 46 m Heavy weight, double perforated & bonded	1 roll/box	187 liters	NEW & IMPROVED

SPC BLUE ... Oil only rolls with added durability.

- Adsorbs oil & petroleum based liquids.
- One-sided blue coverstock for added strength and less lint.
- Ideal sorbent for use in the paper industry where the blue color is desired to differentiate cellulose from polypropylene.

Part No.	Description	Packaging	Adsorption Capacity
SPC155	ROLL, 96 cm x 44 m Heavy weight & bonded	1 roll/bale	244 liters
SPC155-2P	ROLL, 48 cm x 44 m Heavy weight, perforated & bonded	2 rolls/bale	244 liters

SPC ... Our standard oil only rolls for industrial or marine use.

- Adsorbs oil & petroleum based liquids.
- Stronger, more durable product with a superior finish for more abrasion resistance - looks better and performs better!
- Ideal rolls to cover a large surface area for fast clean up of spills, leaks and drips.

Part No.	Description	Packaging	Adsorption Capacity
SPC150	ROLL, 96 cm x 44 m Heavy weight & bonded	1 roll/bale	231 liters
SPC152	ROLL, 48 cm x 44 m Heavy weight & bonded	2 rolls/bale	231 liters

ENV ... Our most basic oil only rolls. Ideal for marine applications.

- Adsorbs oil & petroleum based liquids
- Stronger more durable product with a superior finish - looks better and performs better!

Part No.	Description	Packaging	Adsorption Capacity
ENV150-E	ROLL, 96 cm x 44 m Heavy weight	1 roll/bale	274 liters
ENV152-E	ROLL, 48 cm x 44 m Heavy weight	2 rolls/bale	274 liters

PRIMASORB ... Oil only rolls, the ultimate when high adsorbency is required !

- Adsorbs oil & petroleum based liquids.
- Made of 800g/m² meltblown polypropylene for the most demanding applications.

Part No.	Description	Packaging	Adsorption Capacity
PS1400	ROLL, 25 cm x 30 m Extra heavy weight	1 roll/bale	87 liters
PS1450	ROLL, 50 cm x 15 m Extra heavy weight	1 roll/bale	87 liters

SR ... Static resistant oil only rolls for areas where static electricity is a concern.

- Adsorbs oil & petroleum based liquids.
- For areas where static build-up is an issue - SR rolls reduce the safety risk.

Part No.	Description	Packaging	Adsorption Capacity
SR3600	ROLL, 76 cm x 46 m Heavy Weight	1 roll/bale	167 liters

SPC Heavy Weight Oil Sorbent Booms ... A premium boom to adsorb and contain oil spills on water.

- Repels water while adsorbing oil and petroleum based liquids.
- Increased performance for SPC810-E & SPC816-E booms thanks to additional fill (higher adsorption capacity) and larger diameter (greater surface area).
- Floats indefinitely even after saturation.
- Metal clips & rings allow for easy linking of booms.
- Strong outer sleeve for durability.
- Inner rope provides strength when deploying & retrieving booms.
- Inner sleeve keeps the adsorbent material intact within the booms.
- 4 staple clips at critical stress area add strength and prevent booms from splitting during retrieval.

Multiple booms form barrier to surround & control the spill.

Metal clips to link booms.

Four staple clips for durability.

Part No.	Description	Packaging	Adsorption Capacity
SPC810-E	BOOM, Ø 20 cm x 3 m Heavy weight (21 kg/bale)	4 booms/bale	316 liters
SPC816-E	BOOM, Ø 20 cm x 5 m Heavy weight (18.2 kg/bale)	2 booms/bale	274 liters
SPC510	BOOM, Ø 13 cm x 3 m Standard weight	4 booms/bale	119 liters
SPC516	BOOM, Ø 13 cm x 5 m Standard weight	2 booms/bale	98 liters

ENV Oil Sorbent Booms ... The economical alternative.

Blue outer sleeve filled with a mixture of white and colored oil only fill.

Part No.	Description	Packaging	Adsorption Capacity
ENV810	BOOM, Ø 20 cm x 3 m Standard weight (17.2 kg/bale)	4 booms/bale	259 liters

SPC Bilge Booms ... Keep your sumps, tanks, drains or bilges oil-free.

Attach a rope for easy deployment & retrieval.

- Adsorbs oil & petroleum based liquids - but repels water.
- Floats even after saturation.
- Strong outer sleeve for more durability.
- Linkable: attach a rope to the rings or loops for easy deployment into sump area.

SPC818-E

SPC518

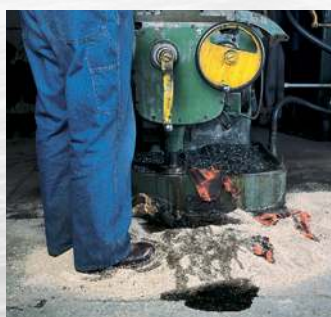

SPC10

Part No.	Description	Packaging	Adsorption Capacity
SPC818-E	BILGE BOOM, Ø 20 cm x 45 cm Heavy weight	10 bilge booms/bale	131 liters
SPC518	BILGE BOOM, Ø 13 cm x 45 cm Standard weight	10 bilge booms/box	46 liters
SPC10	PILLOW, 36 cm x 64 cm Heavy weight	10 pillows/bale	197 liters

Oil Only SOCs ... The ideal sorbent for adsorbing leaks and spills around machines.

- Adsorbs oil & petroleum based liquids while repelling water.
- Various lengths; allowing the right size for your application.
- Strong wicking action: adsorption begins instantly after contact with the spilled liquid, no need to turn the SOC.
- Flexible design allows the SOC to fit around any machine, corner or curve.
- **FLEXISOC** : The ultimate SOC for flexibility! Cut the SOC into the length you want and re-clip.

Problem :
Leaks and drips create a slippery work floor.

Solution :
SOCs quickly soak up leaks and drips for a clean and safe workplace.

Part No.	Description	Packaging	Adsorption Capacity
OIL430	SOC, Ø 7.6 cm x 122 cm	30 socs/box	106 liters
OIL412	SOC, Ø 7.6 cm x 122 cm	12 socs/box	43 liters
OIL806	SOC, Ø 7.6 cm x 244 cm	6 socs/box	43 liters
OIL124	SOC, Ø 7.6 cm x 366 cm	4 socs/box	43 liters
OIL561	FLEXISOC, Ø 7.6 cm x 17 m	1 soc & 30 clips/box	49 liters

Oil Only Pillows ... Ideal for adsorbing spills and leaking fluids in tight spaces and under persistent drip sources.

- Adsorbs oil & petroleum based liquids.
- 2 different sizes to fit any application and/or spill.

The ideal solution for small spaces or hard to reach areas.

Part No.	Description	Packaging	Adsorption Capacity
OIL1818	PILLOW, 43 cm x 48 cm	16 pillows/box	105 liters
OIL1818-2	PILLOW, 43 cm x 48 cm	8 pillows/box	53 liters
OIL99	PILLOW, 22 cm x 24 cm	32 pillows/box	53 liters

Oil Only Drum Top Covers ... Keep your drum tops neat & clean.

- Adsorbs oil & petroleum based liquids.
- Creates a clean and safe work floor by preventing pump drips from reaching the floor.
- Pre-cut holes for 205 liter drums.

Problem :

Puddles and dirty rags on top of the drum.

Pump drips leaking onto the floor... a slip hazard just waiting to happen.

Solution :

Drum top covers on top of the drum. No more messy pump drips or dirty rags.

Part No.	Description	Packaging	Adsorption Capacity
DTO25	DRUM TOP COVER, Ø 56 cm	25 covers/box	26 liters

SF Micro Fibers ... Specially designed for filtering oil from water and moist air.

Cartridges for use in filter fences.

- High adsorbency : up to 15 times its own weight.
- Allows for filtration with minimal flow rate.
- No additional pressure needed to force the oily liquid through.

- Fibers can be used in any size or shaped container in which they are placed.
- Numerous applications such as pre-filters for compressors, paint filtration, water filtration, etc

Filtering of waste water before discharging into water discharge area.

Part No.	Description	Packaging	Adsorption Capacity
SF1	MICRO FIBERS, loose	50 kg/box	868 liters
PSF15	CARTRIDGE, Ø 13 cm x 1 m	15 cartridges/box	208 liters
PSF40	CARTRIDGE, Ø 13 cm x 1 m	40 cartridges/box	556 liters

SPC Sweep ... Designed to provide a sweeping action across the water's surface to remove oil.

Ideal to drag behind a boat.

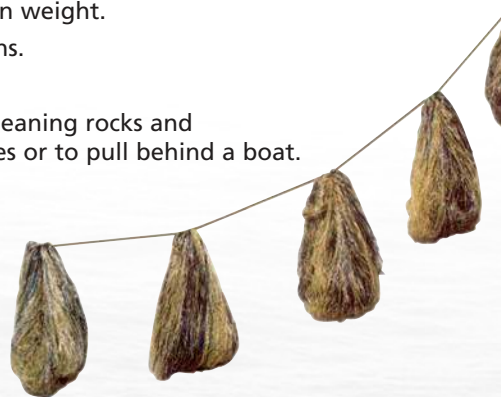

- Abrasion resistant blue spunbond coverstock for extra strength and durability.
- Full length nylon strap allows sweep to be tied off to a boom or dragged behind a boat.
- Reinforced strap also allows linking of multiple sweeps and simplifies retrieval of the sweep once saturated.

Part No.	Description	Packaging	Adsorption Capacity
SPC1900	SWEEP, 48 cm x 30.5 m	1 sweep/bale	94 liters

SPC Oil Nets & Drag nets ... The ideal sorbent to remove heavy oils.

- Ideal for heavy oils like bunker C, crude oil & oils no. 4, 5 & 6.
- High adsorption: 20 to 60 times its own weight.
- Effective even in subfreezing conditions.
- Can be washed and re-used.
- Choose between Oil Nets, handy for cleaning rocks and pilings or Drag Nets to clean shore lines or to pull behind a boat.

Easily retrieved.

Part No.	Description	Packaging	Adsorption Capacity
ONO30	Individual OIL NETS	30 nets/bale	182 liters
ODN08	OIL DRAG NET 30 nets attached to a 15 m rope	30 nets/bale	182 liters

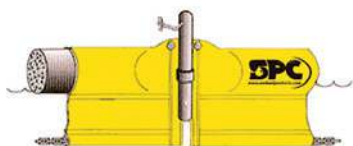

Cansorb ... An all organic oil-only particulate for oil clean up on land or water.

- Made from high quality Sphagnum Peat Moss.
- Absorbs quickly thanks to its fast wicking action.
- Encapsulates oil on contact.

Part No.	Description	Packaging	Adsorption Capacity
CS-CB18	CANSORB, compressed	57 liter/bale	68 liters

SPC Response Booms ... Non-adsorbent booms for containment of oil spills on water.

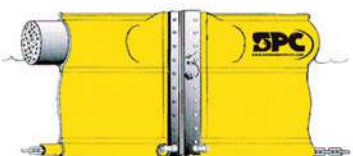

SPC Mini Boom ... The ideal solution for inland spills in small creeks and streams.

- Compact size: can easily be deployed and handled by 1 person.
- Requires a minimum of storage space.
- A great solution for fire brigades, first responders, water and road transport companies.
- Light weight - ideal for remote and difficult to reach areas.
- Encapsulated chain for added strength.
- PVC coated material for greater durability.
- Optional PVC carry bag to protect the boom during storage and to facilitate transport.

Part No.	Description	Packaging
SPCMB-0525	MINI BOOM, overall height 20 cm (7.5 cm Float – 12.5 cm Skirt)	Section of 7.5 m
SPCMB-BAG	CARRY BAG for SPC Mini Boom (Holds 1 Mini Boom)	

SPC Junior Boom ... A larger, abrasion and weather resistant containment boom that is ideal for repeated use.

- Great boom for water with light currents.
- Aluminum ASTM connectors for linking of multiple sections.
- Anchor rings at the end of the boom allow towing and anchoring.
- Ergonomic handles facilitate the linking of ASTM connectors.
- Optional Bulk Head Riser – allows boom to move up & down with the waves and tide.
- Encapsulated chain for added strength.
- PVC coated material for greater durability.

Part No.	Description	Packaging
SPCJR-1210	JUNIOR BOOM, overall height 45 cm (15 cm Float – 30 cm Skirt)	Section of 30 m
SPCJR-1205	JUNIOR BOOM, overall height 45 cm (15 cm Float – 30 cm Skirt)	Section of 15 m

UXT ... Extra-tough maintenance pads. The ideal sorbent for industrial applications that require durability or abrasion-resistance.

- Adsorbs a variety of industrial liquids including oils, water, solvents, coolants, etc.
- Durable cover stock provides extra strength and fosters longer use.
- Low-linting : makes UXT ideal as a "wipe down" sorbent by eliminating loose fibers.

- Soft & pliable sorbent makes it user-friendly.
- Perforated pads - Use only what you need in order to minimize waste.

An ideal sorbent for cleaning rough machine parts without leaving residue.

Part No.	Description	Packaging	Adsorption Capacity
UXT100-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded	100 pads/box	124 liters NEW
UXT300-E	PADS, 41 cm x 51 cm Medium weight, perforated & bonded	100 pads/box	95 liters
UXT200-E	PADS, 41 cm x 51 cm Light weight, perforated & bonded	200 pads/box	136 liters

NEW & IMPROVED

MRO PLUS ... Our most popular maintenance pads. Perfect for general industrial maintenance or spill clean up.

- Adsorbs a variety of industrial liquids including oils, water, solvents, coolants, etc.
- One sided spunbond gives extra strength as well as lower lint. **NEW**
- Ideal sorbent for dealing with leaks and drips in the work place.
- Perforated to help you minimize waste and lower your disposal costs.
- Available with SPC's unique "Dispense & Dispose" system for added convenience and lower cost per pad!
- Now also available in 10 packs of pads in a DND box – allowing smaller users to acquire smaller packs. **NEW**

*MRO pads under leaking seals & faucets.
Ideal to catch small drips.*

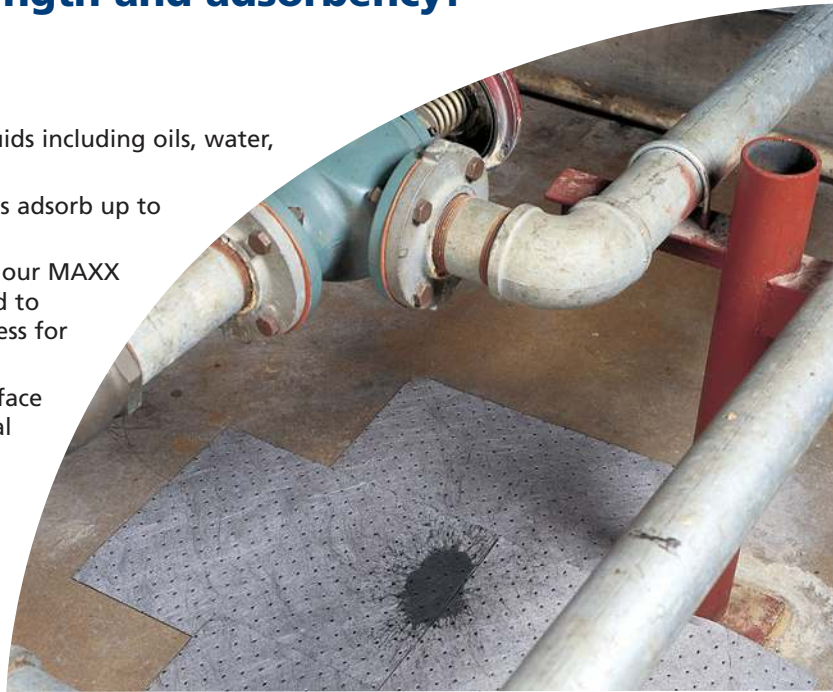

Dispense & Dispose System :
*Dispenser box for easy access to the product
& disposal bags and box to ensure proper disposal of waste.*

Part No.	Description	Packaging	Adsorption Capacity	
MRO100-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded	100 pads/box	112 liters	NEW & IMPROVED
MRO300-E	PADS, 41 cm x 51 cm Medium weight, perforated & bonded	100 pads/box	88 liters	NEW & IMPROVED
MRO150-DND-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded with Dispense & Dispose System	150 pads/dispenser box	168 liters	NEW & IMPROVED
MRO100-E/10	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded	10 pads/bag 13 bags/dispenser box	146 liters	NEW

GP ... Economical general purpose maintenance pads made with SPC's new MAXX Technology! A perfect combination of strength and adsorbency!

- Adsorbs a variety of industrial liquids including oils, water, solvents, coolants, etc.
- Highly adsorbent ...GP MAXX pads adsorb up to 18 times their weight !
- Thanks to the high adsorbency of our MAXX technology, less material is needed to adsorb more liquid thus you pay less for disposal!
- GP MAXX pads have a smooth surface finish with less lint than traditional single ply pads – looks better and performs better!
- Packed in boxes for easy handling and storage.
- Ideal for industrial applications where low cost and high adsorbency are required.

Use pro-actively to catch leaks and drips.

Part No.	Description	Packaging	Adsorption Capacity
GP100-M	MAXX PADS, 41 cm x 51 cm Medium weight, perforated & bonded	100 pads/box	95 liters
GP200-M	MAXX PADS, 41 cm x 51 cm Light weight, perforated & bonded	200 pads/box	166 liters

SLIKWIK Wipes ... Perfect for cleaning tools, machine parts or small drips.

- Chemical resistant for use with oil, water, solvents or even acids.
- Lower cost per wipe compared to reusable wipes. No extra laundering cost.
- One time use eliminates risk of contamination from previous users, metal chips, hazardous chemicals etc – a potential problem with recycled wipes.
- Adsorbent microstructure retains solvent based cleaners, reducing consumption of expensive cleaners when compared to cotton or paper wipes.

Part No.	Description	Packaging	Adsorption Capacity
SW1200	WIPE, 30 cm x 38 cm	10 packs of 50 folded wipes 500 wipes/box	38 liters

UXT ... Extra tough maintenance rolls for applications that require a durable, non-linting, abrasion resistant sorbent!

- Adsorbs a variety of liquids including oils.
- 3-ply construction adds strength and durability.
- Spunbond outer layers make the product stronger for longer use and improved abrasion resistance.
- Non-linting coverstock eliminates loose fibers and makes the product stronger and abrasion resistant.
- Ideal for use in areas with moderate foot traffic.
- Perforated to permit the use of precisely the right amount of material to reduce waste.

Part No.	Description	Packaging	Adsorption Capacity
UXT315-P	ROLL, 38 cm x 46 m Medium weight, perforated & bonded	1 roll/dispenser box	70 liters
UXT20-P-E	ROLL, 51 cm x 46 m Heavy weight, perforated & bonded	1 roll/dispenser box	139 liters NEW
UXT330-DP	ROLL, 76 cm x 46 m Medium weight, double perforated & bonded	1 roll/box	141 liters
UXT40-DP-E	ROLL, 102 cm x 46 m Heavy weight, double perforated & bonded	1 roll/box	279 liters NEW

NEW

UXTBB ... Non-slip & impermeable maintenance roll ! A clean work environment is a safe work environment.

- Adsorbs a variety of industrial liquids including oils, water, solvents, coolants, etc.
- Non-slip backing assures sure footing - thus no more slips and falls.
- Barrier backing keeps the floor and work surface dry & clean by limiting liquids from penetrating through.
- 3-ply construction for extra strength and durability. Ideal for use in areas with moderate foot traffic.

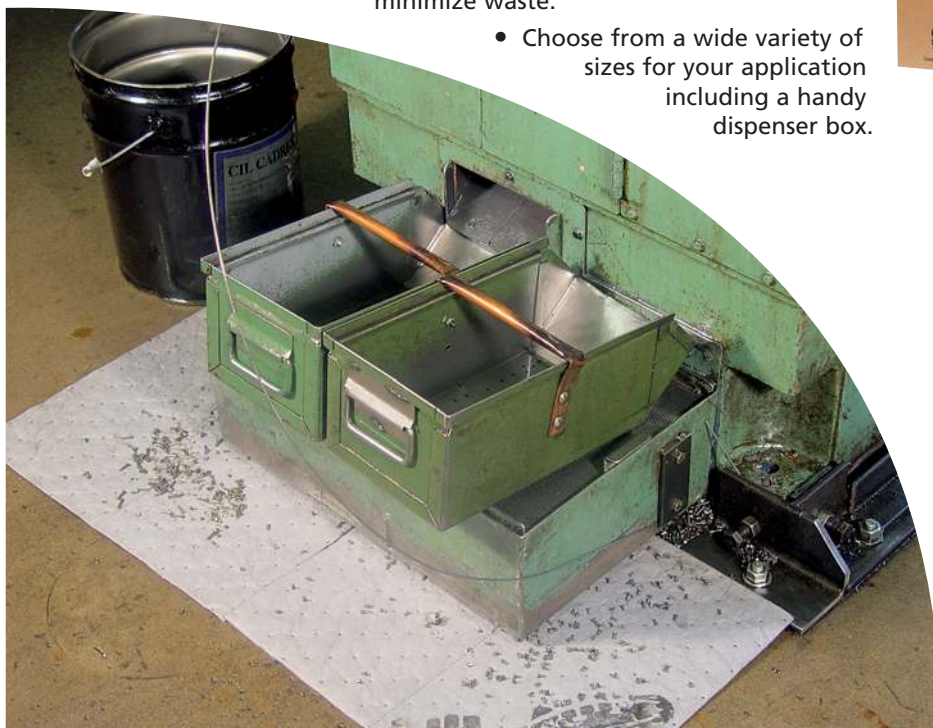

Part No.	Description	Packaging	Adsorption Capacity
UXT30BB	ROLL, 76 cm x 46 m Heavy weight, bonded with barrier backing	1 roll/bale	146 liters NEW
UXT60BB	ROLL, 152 cm x 46 m Heavy weight, bonded with barrier backing	1 roll/bale	292 liters NEW

NEW & IMPROVED

MRO PLUS ... Our most popular maintenance rolls for general industrial use!

- Adsorbs a variety of industrial liquids including oils, water, solvents and coolants.
- One sided spunbond gives extra strength as well as lower lint. **NEW**
- A high quality maintenance sorbent where a good combination of adsorption and added strength is required.
 - Available with perforations for ease of use and to minimize waste.
 - Choose from a wide variety of sizes for your application including a handy dispenser box.

A good general use sorbent to put around machines to adsorb overspray.

MAINTENANCE ROLLS

Part No.	Description	Packaging	Adsorption Capacity
MRO15-E	ROLL, 38 cm x 46 m Heavy weight & bonded	1 roll/dispenser box	94 liters NEW & IMPROVED
MRO15-P-E	ROLL, 38 cm x 46 m Heavy weight, perforated & bonded	1 roll/dispenser box	94 liters NEW & IMPROVED
MRO15-DP-E	ROLL, 38 cm x 46 m Heavy weight, double perforated & bonded	1 roll/dispenser box	94 liters NEW & IMPROVED
MRO15-DPS-E	ROLL, 38 cm x 22 m Heavy weight, double perforated & bonded	1 roll/dispenser box	45 liters NEW & IMPROVED
MRO315-P-E	ROLL, 38 cm x 46 m Medium weight, perforated & bonded	1 roll/dispenser box	73 liters NEW & IMPROVED
MRO242-E	ROLL, 51 cm x 80 m Light weight & bonded	2 rolls/bag	271 liters NEW
MRO30-E	ROLL, 76 cm x 46 m Heavy weight & bonded	1 roll/box	187 liters NEW & IMPROVED
MRO30-P-E	ROLL, 76 cm x 46 m Heavy weight, perforated & bonded	1 roll/box	187 liters NEW & IMPROVED
MRO30-DP-E	ROLL, 76 cm x 46 m Heavy weight, double perforated & bonded	1 roll/box	187 liters NEW & IMPROVED
MRO330-E	ROLL, 76 cm x 46 m Medium weight, bonded	1 roll/box	147 liters NEW & IMPROVED
MRO330-DP-E	ROLL, 76 cm x 46 m Medium weight, double perforated & bonded	1 roll/box	147 liters NEW & IMPROVED
MRO240-E	ROLL, 102 cm x 80 m Light weight & bonded	1 roll/bag	271 liters NEW

GP ... Economical maintenance rolls for applications that require high adsorbency and low cost.

- Adsorbs a variety of industrial liquids including oils, water, solvents, coolants, etc.
- GP rolls have a superior finish with less lint for improved abrasion resistance compared to traditional single ply rolls.
- Ideal roll to cover a larger surface area for a fast clean up of leaks and spills where low cost and high adsorbency are required.

Part No.	Description	Packaging	Adsorption Capacity
GP150-E	ROLL, 96 cm x 44 m Medium weight, bonded	1 roll/bale	192 liters
GP152-E	ROLL, 48 cm x 44 m Medium weight, perforated & bonded	2 rolls/bale	192 liters

FLEXISOC ... The ultimate SOC for flexibility!

- Adsorbs a variety of industrial liquids.
- User-friendly: Cut the SOC into the length you desire and re-clip.
- Cost savings: No need to stock multiple lengths - you can use one SOC for all applications.

Part No.	Description	Packaging	Adsorption Capacity
AW561	FLEXISOC, Ø 7,6 cm x 17 m	1 soc & 30 clips/box	53 liters

Allwik SOCs ... For adsorbing leaks and spills around machines.

- Adsorbs a variety of industrial liquids including aggressive chemicals.
- Different lengths in order to always have the right size for your application.
- Flexible design allows the SOC to fit around any machine, corner or curve.
- Filled with universal meltblown polypropylene.

Great around machines - keeps the work floor clean and safe.

Part No.	Description	Packaging	Adsorption Capacity
AW430	SOC, Ø 7.6 cm x 122 cm	30 socs/box	113 liters
AW412	SOC, Ø 7.6 cm x 122 cm	12 socs/box	45 liters
AW806	SOC, Ø 7.6 cm x 244 cm	6 socs/box	45 liters
AW124	SOC, Ø 7.6 cm x 366 cm	4 socs/box	45 liters

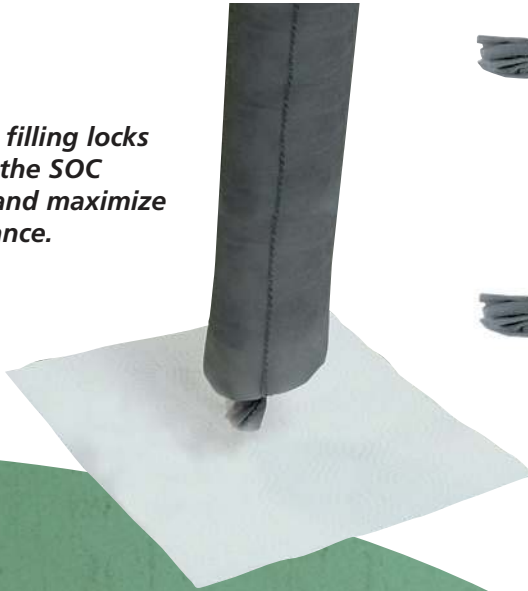

MS40 ... Our most absorbent SOC for oil and water based liquids!

- Filled with a mixture of highly absorbent polypropylene, cellulose & super-absorber.
- Now available in 2 different lengths so that you always have the right size for your application.
- Special additive locks in water based liquids in order to avoid leakage.
- Flexible design allows the SOC to fit around any machine, corner or curve.
- Undoubtedly offers the best overall value and absorbency.

Note: Not recommended for use with aggressive fluids.

Super absorbent filling locks liquid inside the SOC to avoid leakage and maximize performance.

MS40 SOC right out the box.

MS40 SOC after saturation.

Part No.	Description	Packaging	Absorption Capacity
MS40	SOC, Ø 7.6 cm x 122 cm	40 socs/box	174 liters
MS40-8	SOC, Ø 7.6 cm x 244 cm	15 socs/box	130 liters

Allwik Pillows ... Adsorb spills and leaking fluids in tight spaces and under persistent drip sources.

Ideal under machines ...

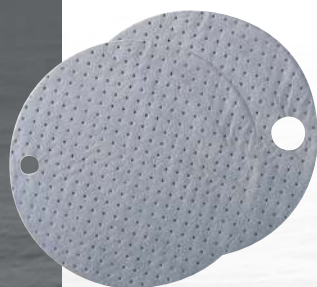

- Adsorbs a variety of liquids including water, coolants, solvents, oil, antifreeze, etc
- 2 different sizes to fit any application.

...or in tight spaces.

Part No.	Description	Packaging	Adsorption Capacity
AW1818	PILLOW, 43 cm x 48 cm	16 pillows/box	105 liters
AW1818-2	PILLOW, 43 cm x 48 cm	8 pillows/box	53 liters
AW99	PILLOW, 22 cm x 24 cm	32 pillows/box	53 liters

Allwik Drum Top Covers ... Keep your drum tops neat & clean.

- Adsorbs a wide range of industrial liquids like water, coolants, solvents, oil, antifreeze, etc
- Create a clean and safe work floor by preventing pump drips from reaching the floor.
- Pre-cut for perfect fit on 205 liter drums.

Pre-cut holes for easy fit.

No more pump drips sliding down the side of the drum and onto the floor.

Part No.	Description	Packaging	Adsorption Capacity
DTA25	DRUM TOP COVER, Ø 56 cm	25 covers/box	26 liters

NEW

Comfort Spill Mat ... The adsorbing anti-fatigue mat!

The new Comfort Spill Mats from SPC are a combination of adsorbent matting fitting inside an anti-fatigue mat.

- Design provides buoyancy for basic fatigue relief.
- Silicone free allowing it to be used in vehicle painting facilities.
- High quality nitrile rubber makes the mat oil resistant.
- Rough surface allows sorbent to "grip" anti-fatigue mat.
- Allows you to keep workers safe while protecting floor from oils and other industrial liquids.
- Available in an "Oil Only" version as well as a "Maintenance" version for use with general industrial liquids.

Part No.	Description	Adsorption Capacity	
SA-AFO	Oil Only Kit consisting of one (1) adsorbent roll (82 cm x 46 m, perforated every 76 cm) and one (1) anti-fatigue base mat (82 cm x 152 cm)	199 liters	NEW
SA-AFA	Maintenance Kit consisting of one (1) adsorbent roll (82 cm x 46 m, perforated every 76 cm) and one (1) anti-fatigue base mat (82 cm x 152 cm)	191 liters	NEW
OP32-P-E	Oil Only Roll, 82 cm x 46 m, perforated every 76 cm along length. To be used as refill for SA-AFO	199 liters	NEW
MRO32-P-B-E	Maintenance Roll, 82 cm x 46 m, perforated every 76 cm along length. To be used as a refill for SA-AFA	191 liters	NEW

BATTLEMAT ... Camouflage patterned rolls. Tough cover layer hides leaks and drips for longer use, offers sure footing and is ideal for areas with moderate foot traffic.

- Adsorbs spills & leaks of any liquid: oils, coolants, water, solvents, ...
- Camouflage pattern hides dirt and reduces premature replacement.
- Durable abrasion resistant top layer stands up to moderate foot traffic.
- Ideal for use in walkways, production & machine areas, under assembly lines, etc
- Perforations available for flexibility: easy to tear off the desired length, minimizes waste.

Part No.	Description	Packaging	Adsorption Capacity
BM15-E	ROLL, 38 cm x 46 m Heavy weight, double perforated & bonded	1 roll/dispenser box	99 liters
BM30-E	ROLL, 76 cm x 46 m Heavy weight, double perforated & bonded	1 roll/box	197 liters
BM30X-E	ROLL, 76 cm x 46 m Heavy weight, bonded	1 roll/box	197 liters

HT ... The multi-use maintenance product :
use it as pad, a wipe, a roll, a pillow or a soc !

5 in 1

- Adsorbs a variety of liquids: water, oils, coolants, solvents, ...
- Convenient dispenser box for easy access to the product.
- Multiple perforations: always the right size in order to minimize waste.
- Multi-ply construction for durability, good adsorption and low lint on one side.

As a WIPE !

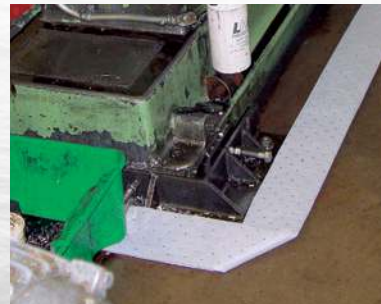

As a PILLOW !

As a PAD !

As a ROLL !

As a SOC !

Part No.	Description	Packaging	Adsorption Capacity
HT555-E	ROLL, 38 cm x 46 m Heavy weight, bonded & multiple perforations	1 roll/dispenser box	89 liters
HT777-E	ROLL, 76 cm x 46 m Heavy weight, bonded & multiple perforations	1 roll/box	177 liters

BSM ... Non-slip & impermeable mats. Perfect for high traffic areas and walkways that need to be dry, clean and slip-free.

- Non-slip, impermeable barrier film sticks the mat to the floor and prevents liquids from leaking through. (For best results, clean the floor before use)
- Backing resists curling and buckling.
- Needleponched polypropylene fibers make product tear resistant, ideal for use in high traffic areas.
- Adsorbs oil, water and non-aggressive chemicals.
- Prevents unsightly tracking between areas.

BSM creates a dry and slip free workplace.

Part No.	Description	Packaging	Adsorption Capacity
BSM3650	MAT, 91cm x 15.25 m Medium weight, barrier backing	1 roll/box	46 liters
BSM150	MAT, 91 cm x 45.75 m Medium weight, barrier backing	1 roll/bale	140 liters

SIR ... Rolls designed for high traffic areas and workstations where there's a need for clean and safe work floors and walkways.

- Needleponched polypropylene makes product tear resistant. Forklifts can drive over it without damaging it.
- Adsorbs all liquids including aggressive chemicals.
- Gray color masks stains and promotes longer use.
- Prevents liquid from being tracked from one area to another.

So tough forklifts can drive over it !

Part No.	Description	Packaging	Adsorption Capacity
SIR36	RUG, 91 cm x 91.5 m Medium weight	1 roll/bale	223 liters
SIR72	RUG, 182 cm x 45.75 m Medium weight	1 roll/bale	223 liters

NEW & IMPROVED

UN Pads & rolls ... For use when chemicals and hazardous liquids are involved!

- Adsorbs a wide range of chemicals, including acids and caustics.
- One sided spunbond gives extra strength as well as lower lint. **NEW**
- Chemically inert: product does not degrade or cause a dangerous chemical reaction with the adsorbed liquid.
- Green colour alerts workers that product is being used for hazardous liquids.
- Green colour also allows the user to identify and separate hazardous waste for disposal, resulting in lower disposal costs.
 - Perforated for flexibility – tear at the perforations for smaller sized pads to use only what you need.

Perfect to clean up chemical spills...

... or for use in laboratories.

PADS

Part No.	Description	Packaging	Adsorption Capacity	
UN100-E	PADS, 41 cm x 51 cm Medium weight, perforated & bonded	100 pads/box	88 liters	NEW & IMPROVED
UN1212-E	PADS, 30 cm x 30 cm Medium weight, bonded	50 pads/bag, 4 bags/dispenser box	76 liters	NEW & IMPROVED

ROLLS

Part No.	Description	Packaging	Adsorption Capacity	
UN15-2DP-E	ROLL, 38 cm x 46 m Medium weight, double perforated & bonded	2 rolls/box	147 liters	NEW & IMPROVED
UN15-DP-E	ROLL, 38 cm x 46 m Medium weight, double perforated & bonded	1 roll/dispenser box	73 liters	NEW & IMPROVED
UN15-DPS-E	ROLL, 38 cm x 22 m Medium weight, double perforated & bonded	1 roll/dispenser box	35 liters	NEW & IMPROVED
UN30-DP-E	ROLL, 76 cm x 46 m Medium weight, double perforated & bonded	1 roll/box	147 liters	NEW & IMPROVED

UN Booms ... The best way to adsorb and contain large spills of chemicals and hazardous liquids.

- Adsorbs chemicals, acids & bases as well as oils and water-based liquids.
- Metal clips & rings allow for easy linking of booms.
- Inner rope secured with four clips provides strength.
- Strong outer sleeve for durability.
- Inner sleeve keeps the adsorbent material intact within the boom.

Part No.	Description	Packaging	Adsorption Capacity
UN810	BOOM, Ø 20 cm x 3 m	4 booms/bale	263 liters
UN510	BOOM, Ø 13 cm x 3 m	4 booms/bale	118 liters

Hazwik SOCs ... Confine & prevent hazardous spills from spreading.

- Adsorbs chemicals, acids & bases.
- Different lengths in order to always have the right size for your application.
- Flexible design is easily molded around machines and spills.

Fast containment of chemical spills.

Part No.	Description	Packaging	Adsorption Capacity
HAZ412	SOC, Ø 7.6 cm x 122 cm	12 socs/box	45 liters
HAZ806	SOC, Ø 7.6 cm x 244 cm	6 socs/box	48 liters
HAZ124	SOC, Ø 7.6 cm x 366 cm	4 socs/box	45 liters

Hazwik Pillows ... For absorbing spills & leaking liquids in tight spaces.

- Adsorbs chemicals, acids & bases.
- Good for large spills once contained.
- Ideal for use in packaging for extra protection during transport.
- 2 different sizes to fit any application.

Protection of fragile liquids during transport.

Part No.	Description	Packaging	Adsorption Capacity
HAZ1818	PILLOW, 43 cm x 48 cm	16 pillows/box	105 liters
HAZ1818-2	PILLOW, 43 cm x 48 cm	8 pillows/box	53 liters
HAZ99	PILLOW, 22 cm x 24 cm	32 pillows/box	53 liters

NEW

Spill Kits ... A range of emergency response kits to handle any type of spill.

Accidents do happen, so it's better to be prepared. SPC offers a complete selection of spill kits in a variety of types and sizes. Each kit is available in three types:

Oil Only: For oil and petroleum based liquids.

Maintenance: For oil, water based and chemical liquids.

Chemical: For aggressive and hazardous liquids.

ADR Spill Kits ... An economical way to keep you in compliance.

The European ADR2005 agreement stipulates that carriers of dangerous goods are obliged to, among other things: "Provide their trucks with all the necessary safety equipment like extinguishers, warning signs, first aid equipment and a SPILL KIT." Accidents do happen thus it's better to be prepared.

With this in mind, and in order to prevent fines, SPC developed the ADR SPILL KITS.

With its compact design, the ADR spill kit requires a minimum of storage space yet it contains all the sorbents needed to handle a small spill: SOCs to contain the spill - pads and pillows for the clean up.

- Economical - The best value for your money. High absorbency capacity at a low cost.
- Compact: Easy to put in smaller storage areas, behind or under the seat of a truck.
- Durable see-through bag makes it easy to check the spill response supplies.
- Quick & easy access to the sorbents ensuring a fast response thanks to the zipper which opens up the entire front of the bag.
- Easy to carry thanks to handy shoulder strap.
- Hassle free: Complete with gloves, disposal bags and sorbents - everything you need!

Content	Part No.	Adsorption Capacity
Small Kit		
25 pads, 41 cm x 51 cm	Oil Only : SKO-ADR-S	43 liters NEW
4 socs, Ø 7.6 cm x 122 cm	Maintenance : SKA-ADR-S	43 liters NEW
1 disposal bag	Chemical : SKH-ADR-S	37 liters NEW
1 pair of gloves		
1 instruction sheet		
Large Kit		
35 pads, 41 cm x 51 cm	Oil Only : SKO-ADR-L	63 liters NEW
1 soc, Ø 7.6 cm x 122 cm	Maintenance : SKA-ADR-L	63 liters NEW
1 soc Ø 7.6 cm x 244 cm	Chemical : SKH-ADR-L	57 liters NEW
1 pillow, 46 cm x 46 cm		
4 pillows, 22 cm x 24 cm		
2 disposal bags		
1 pair of gloves		
1 instruction sheet		

Portable Spill Kits ... For fast response to small spills.

Economy Spill Kit

- Yellow PVC bag with handles for high visibility.
- Compact size: Easy to put in small storage area, behind or under the seat of a truck.
- Ideal for carriers who occasionally transport small quantities of liquids.
- Water-resistant, lightweight bag keeps sorbents dry.

Content	Part No.	Adsorption Capacity
10 pads, 41 cm x 51 cm		
2 socs, Ø 7.6 cm x 122 cm	Oil Only : SKO-PP	18 liters
1 pair of gloves	Maintenance : SKA-PP	18 liters
1 disposal bag	Chemical : SKH-PP	16 liters

Attack Pac

- Single use kit: Ideal for small spills.
- UV resistant foil bag protects sorbents against moisture and dirt.

Content	Part No.	Adsorption Capacity	Packaging
15 pads, 38 cm x 48 cm			
3 socs, Ø 7.6 cm x 122 cm	Oil Only : SKO-ATK	104 liters	4 kits/box
1 pair of gloves	Maintenance : SKA-ATK	104 liters	4 kits/box
1 pair of goggles	Chemical : SKH-ATK	97 liters	4 kits/box
1 disposal bag			

Drum Spill Kits ... For medium and large spills. Protect your sorbents against moisture, dirt & damage.

Lab Pack

- Ideal for medium sized spills.
- Water and chemical resistant drum protects sorbents.
- Easy access to products thanks to screw top lid.
- Drum can be used as shipping container for used sorbents.

Content	Part No.	Adsorption Capacity
12 pads, 41 cm x 51 cm		
3 socks, Ø 7.6 cm x 366 cm	Oil Only : SKO-20	59 liters
2 pillows, 43 cm x 48 cm	Maintenance : SKA-20	59 liters
1 pair of gloves	Chemical : SKH-20	57 liters
1 pair of goggles		
3 disposal bags		

200 Liter Drum

- Ideal for medium to large spills.
- Water and chemical resistant drum protects sorbents.
- Lever-lock lid for fast response.
- Drum can be used as shipping container for used sorbents.

Content	Part No.	Adsorption Capacity
50 pads, 41 cm x 51 cm		
8 pillows, 43 cm x 48 cm	Oil Only : SKO-55	152 liters
4 socks, Ø 7.6 cm x 366 cm	Maintenance : SKA-55	152 liters
1 pair of gloves	Chemical : SKH-55	142 liters
1 pair of goggles		
5 disposal bags		

360 Liter Overpack Drum

- Ideal for larger spills.
- Water and chemical resistant drum protects sorbents.
- Molded design allows for easy gripping and pick up by a forklift or trolley.

Content	Part No.	Adsorption Capacity
100 pads, 41 cm x 51 cm		
8 pillows, 43 cm x 48 cm	Oil Only : SKO-95	268 liters
12 socks, Ø 7.6 cm x 122 cm	Maintenance : SKA-95	264 liters
8 socks, Ø 7.6 cm x 366 cm	Chemical : SKH-95	279 liters
50 wipes, 30 cm x 38 cm		
1 pair of gloves		
1 pair of goggles		
10 disposal bags		

Mobile Spill Kits ... For fast spill response anywhere in the plant.

Spill Kaddie

- Recommended for medium sized spills and maintenance jobs.
- Double doors provide easy access to products.
- Interior shelves and compartments keep sorbents organized.
- Weather and chemical resistant cart protects sorbents against dirt, moisture and damage.
- Fits easily through narrow aisles and doorways.
- Wheels allow excellent mobility both in and outdoors.

Content	Part No.	Adsorption Capacity
1 double perfed roll, 38 cm x 22 m		
2 socs, Ø 7.6 cm x 122 cm	Oil Only : SKO-CART	69 liters
1 soc, Ø 7.6 cm x 244 cm	Maintenance : SKA-CART	69 liters
6 pillows, 22 cm x 24 cm	Chemical : SKH-CART	59 liters
1 pair of goggles / 1 pair of gloves		
2 disposal bags		

Mobile Container Kit

- For medium sized spills.
- Weather-resistant polyethylene container protects sorbents against dirt, moisture and damage.
- Hinged lid provides easy access to the products.
- Wheels allow excellent mobility in and outdoors.

Content	Part No.	Adsorption Capacity
50 pads, 41 cm x 51 cm		
12 socs, Ø 7.6 cm x 122 cm	Oil Only : SKO-120	124 liters
6 pillows, 43 cm x 48 cm	Maintenance : SKA-120	124 liters
1 pair of gloves / 1 pair of goggles	Chemical : SKH-120	128 liters
3 disposal bags		
150 pads, 41 cm x 51 cm		
6 socs, Ø 7.6 cm x 244 cm	Oil Only : SKO-240	250 liters
8 pillows, 43 cm x 48 cm	Maintenance : SKA-240	250 liters
2 pair of gloves / 2 pair of goggles	Chemical : SKH-240	233 liters
6 disposal bags		

Spill Truck

- Ideal for larger spills.
- Lid provides easy access to the products.
- Wheels allow excellent mobility indoors and outdoors.
- Weather and chemical resistant container protects sorbents from moisture, dirt and damage.

Content	Part No.	Adsorption Capacity
150 pads, 41 cm x 51 cm		
36 socs, Ø 7.6 cm x 122 cm	Oil Only : SKO-XLT	619 liters
20 socs, Ø 7.6 cm x 366 cm	Maintenance : SKA-XLT	620 liters
16 pillows, 43 cm x 48 cm	Chemical : SKH-XLT	601 liters
50 wipes, 30 cm x 38 cm		
1 pair of goggles / 1 pair of gloves		
30 disposal bags		

NEW

Enhanced Spill Kits ... Some spills require more than just sorbents.

SKO-ADR-S-E

Designed to contain and adsorb oils and other petroleum based liquids, this kit consists of the standard contents of our ADR kits (page 37) but in addition we have added the following items:

- A 190 gram pack of Spill Putty (page 45) to seal the source of the leak.
- A 1 liter bottle of SA-OT8-12x1 Oil Stain Remover (page 48) to clean the ground where the spill took place.

SKA-ADR-S-E

This is our classic ADR kit (page 37) for industrial liquids - but in addition to the regular contents we have added the following:

- A 190 gram pack of Spill Putty (page 45)
- A 1 liter bottle of SA-SOBOS-12x1 degreaser (page 49) to properly clean the ground where the spill took place.

SKO-240-E

Designed to adsorb up to 250 liters of oil based liquids, this kit (page 40) is now also available with the following accessories:

- Economy Spill Sign (page 45) to warn people that there is a spill in the vicinity.
- A 500 gram tub of Tank/Drum Sealing Putty (page 45)
- A 1 liter bottle of SA-OT8-12x1 Oil Stain Remover (page 48)

SKA-240-E

This kit has been developed to adsorb up to 250 liters of industrial liquids. In order to make it more complete the following has been added:

- Economy Spill Sign (page 45) to warn people that there is a spill in the vicinity.
- A 500 gram tub of Tank/Drum Sealing Putty (page 45)
- A 1 liter bottle of SA-SOBOS-12x1 degreaser (page 49)

SPC Sorbent Center ... The first modular and mobile storage cabinet designed specifically for sorbents!

- Made from strong, durable and chemically resistant polyethylene for longer life!
- Double use: Use it as a spill kit or as a sorbent storage & dispensing station.
- Modular design: Stack 2 or 3 units together in order to make a cabinet.
- Dual access doors: Allows easy and quick access to the product.
- Add wheels and its mobile!
- Or buy the Sorbent Center cabinet by itself and fill it with your choice of sorbents!

Sorbent Center (complete with sorbents and Accessory Pack - unassembled)

Sorbent Center (cabinet only – unassembled)

Part No.	Description
SC-3000	Cabinet only (without sorbents and Accessory Pack)

Accessories

Part No.	Description
SC-4	Set of 5 casters (Ø 7 cm) (For use with single or double unit)
SC-ACC	Accessory Pack (goggles, gloves, disposal bags with ties)
SC-D15	Dowel of 43 cm
SC-D40	Dowel of 106 cm

NEW

OPA Kits ...

Help you comply with the OPA90 regulations.

WHAT IS OPA? The Oil Pollution Act (OPA) was signed into law in 1990 (USA) in response to one of the worlds largest oil spills, the sinking of the oil tanker Exxon Valdez in Alaska. Regulations were set for oil tankers, vessels, oil tanker owners and operators improving their ability to prevent and respond to oil spills.

SPC has developed several kits in order to help you comply with the OPA90 regulations. All of our kits presented here are compliant with the OPA90 regulations. Also available are non-compliant kits as well as refill and accessory kits for both the 7 barrel and the 12 barrel versions.

7 Barrel (1100 liters) OPA90 Kit Compliant

Content	Part No.	Adsorption Capacity	
750 pads, 41 cm x 51 cm 12 SOCs, Ø 7,6 cm x 122 cm 8 pillows, 43 cm x 48 cm 12 booms, Ø 13 cm x 3 m 1 sweep, 48 cm x 30,5 m 2 pair of goggles 5 disposable jump suits 5 pair of gloves 2 non-spark scoops 10 yellow disposal bags 1 non-sparking pump 2 x 20 liter buckets 2 anti-static shovels	SL-7 BARR-C	1381 liters	NEW

12 Barrel (1900 liters) OPA90 Kit Compliant

Content	Part No.	Adsorption Capacity	
950 pads, 41 cm x 51 cm 48 SOCs, Ø 7,6 cm x 122 cm 8 pillows, 43 cm x 48 cm 20 booms, Ø 13 cm x 3 m 4 sweep, 48 cm x 30,5 m 2 pair of goggles 5 disposable jump suits 5 pair of gloves 2 non-spark scoops 10 yellow disposal bags 1 non-sparking pump 2 x 20 liter buckets 2 anti-static shovels	SL-12 BARR-C	2251 liters	NEW

SPC Spill Bins

These large and extra large bins are ideal for creating your own custom emergency response kits. Large enough to hold plenty of sorbents as well as any tools or minor equipment, these bins will help you be prepared for just about any spill within your facility.

Part No.	Description	External Dimensions	Weight	
SC-LBIN	LARGE BIN	126 x 85 x 91 cm	27 kg	NEW
SC-XLBIN	EXTRA-LARGE BIN	147 x 100 x 104 cm	32,5 kg	NEW

NEW

SPC Spill Box ... Pads in a convenient dispenser box giving an opportunity to create multiple spill stations in your plant !

- Reusable plastic box allowing you to re-fill your spill boxes once sorbents have been consumed.
- Light weight and thus easy to fix to any surface.
- High visibility thanks to bright yellow color of dispenser box.
- Small in size (44 cm x 53 cm x 4 cm) - allowing one to put it behind the driver's seat in a truck.
- Re-fill packs available - see below for details.
- Visual instructions for both use and re-fill printed on the box itself.

Portable enough to be used on a forklift or in a truck.

Use nearby your liquid storage area.

Can be placed on the wall in a laboratory.

Part No.	Description	Packaging	Absorption Capacity	
SA-SBO	SPILL BOX Oil only Incl. 15 pads, 41 cm x 51 cm	15 pads/box	10 liters	NEW
SA-SBA	SPILL BOX Maintenance Incl. 15 pads, 41 cm x 51 cm	15 pads/box	10 liters	NEW
SA-SBH	SPILL BOX Chemical Incl. 10 pads, 41 cm x 51 cm	10 pads/box	9 liters	NEW

Refills

Part No.	Description	Packaging	Absorption Capacity
SXT200-E	Oil Only PADS, 41 cm x 51 cm	200 pads/box	136 liters
UXT200-E	Maintenance PADS , 41 cm x 51 cm	200 pads/box	136 liters
UN100-E	Chemical PADS , 41 cm x 51 cm	100 pads/box	88 liters

NEW

Drum & Tank Sealers... Help in temporarily fixing accidental holes in drums and tanks as well as being used to protect your drains!

Ideal to keep spills from entering drains.

Accidents do happen and we all do our utmost to prevent them. However, when they do take place - it's always a good idea to be able to stop the leak at the source (drum, tank, etc). With this in mind, we can now offer two types of products - our Sealing Putty and our Emergency Granules.

Sealing Granules - Simply mix with water to create your own putty.

- Long shelf life.
- Ready to use in a few seconds.
- Can also be used even if surface is not treated (clean).
- Can be used as a barrier to protect drains and prevent movement of spilled liquids.

Sealing Putty - Putty which can be used immediately.

- Can be used even if the surface is greasy, rusty or dirty.
- Contains the leak for up to 48 hours.
- Resistant to most chemicals and other industrial liquids.

Part No.	Description	Content	
SA-EMP190	Emergency Spill Putty	190 g	NEW
SA-EMP500	Emergency Spill Putty	5 liters	NEW
SA-EMP1000	Emergency Spill Putty	10 liters	NEW
SA-EMG1000	Emergency Spill Granules	1 liter	NEW
SA-EMG5000	Emergency Spill Granules	5 liters	NEW
SA-EMG10000	Emergency Spill Granules	10 liters	NEW

Step 1

Knead putty to plug the hole.

Step 2

Wipe surface dry & patch over the hole with remaining putty.

NEW

SPC Spill Signs... Specially designed for use during spill situations.

The SPC Spill Signs come in two different versions - a heavy duty version as well as an economical version. These are both ideal to use when you have a spill and wish to ensure that no additional accidents take place during the clean up of the spill.

HD Floor Stand

- Message is visible from up to 9 meters away.
- Maintenance friendly - no risk for rust.
- Manufactured from Heavy Duty Polyester.
- Yellow background colour for greater visibility.
- Unique background pictogram for use in a spill situation.

Economy Floor Stand

- Made from a lightweight polypropylene material.
- Warning text in 8 languages (NL-FR-DE-EN-ES-IT-SE-NO).
- Yellow background colour for higher visibility.
- Unique background pictogram for use in a spill situation.

Part No.	Description	Packaging	
SA-SGN-HD	Heavy Duty Floor Stand 66 cm in height	1 sign/pack	NEW
SA-SGN-EC	Economy Floor Stand 30 cm (W) x 50 cm (H)	1 sign/pack	NEW

SPC Slikstopper ... The best way to seal off drains and keep spills out !

A tight seal that blocks out liquids.

- Yellow color for high visibility.
- Chemical resistant: Flexible PVC resists water, oil and many chemicals.
- Re-usable after cleaning with soap and water.
- Works best on smooth surfaces.

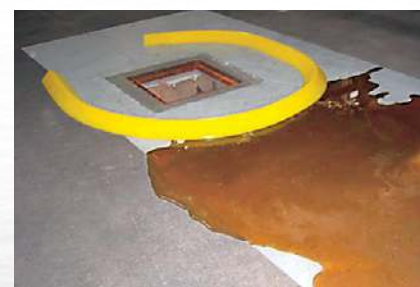

Part No.	Description	Packaging
PVC18	SLIKSTOPPER, 46 cm x 46 cm	1/box
PVC24	SLIKSTOPPER, 61 cm x 61 cm	1/box
PVC36	SLIKSTOPPER, 92 cm x 92 cm	1/box
PVC42	SLIKSTOPPER, 107 cm x 107 cm	1/box

SPC Spill Barrier ... Designed to contain or divert spills easily and quickly!

- Yellow color for high visibility.
- Chemical resistant : polyurethane resists water, oil and many chemicals.
- Re-usable after cleaning with soap and water.
- Works best on smooth surfaces.

Keeps spills from entering drains.

Part No.	Description	Packaging
SB-3	SPILL BARRIER, 3 m (L) x 10.5 cm (W) x 5.5 cm (H)	1/box

Handy Bag allows you to carry the Slikstopper or Spill Barrier right to the spill.

Part No.	Description
BAG-PVC18	BAG for PVC18 or SB-3, Ø 20 cm x 60 cm
BAG-PVC24	BAG for PVC24, Ø 20 cm x 80 cm
BAG-PVC36	BAG for PVC36, Ø 25 cm x 110 cm
BAG-PVC42	BAG for PVC42, Ø 25 cm x 130 cm

NEW

Biological Cleaning Products.

SPC is pleased to introduce a complete new range of environmentally friendly cleaners and oil stain removers. All products are made from natural ingredients.

Two families of products are available:

- Microbial Products for Bioremediation Clean Up
- Water Based Biodegradable Degreasers

Microbial Products for Bioremediation Clean up

Available is an extensive range of products helping you clean up oil stains from asphalt, cement, gravel, highways and many other surfaces.

These products are based on biological bacteria which break down the oil and leave you with a clean and smooth surface.

There are 5 different versions available – each one developed to aid in a specific application.

- All liquid stain removers have German UBA approval.
- All products are biodegradable and biological (except Bio Tubes as they contain polypropylene).
- Larger sized containers available upon request.

Water Based Biodegradable Degreasers

We have selected a range of the three most popular ranges suited for industrial and marine applications. These degreasers are all **BIODEGRADABLE** thus no damage to the environment is caused.

The products are designed to degrease surfaces including factory floors, engineering components and even road surfaces.

Two of our selections (SOBO S Gold & Road Bio) both have German UBA approvals.

Part No.	Description	Packaging
SA-BIOSP-6x1	A selection of 1 liter trial bottles Consist of: OT8, BIO TA, OT8 FC SOBO D, SOBO S Gold & Road Bio. (See pages 48 & 49 for further details)	6 x 1 liter bottles/box NEW

NEW

Microbial Products for Bioremediation Clean up.

OT8 – Biological Oil Stain Remover for use on Hard Surfaces

These products biologically digest oil contaminations using a hydrocarbon digesting bacteria. It is suitable for use on industrial floors, petrol stations, driveways, etc.

- Separator friendly – meets EN 858 regulations
- German UBA Approval (346-0001)
- Environmentally acceptable chemical

BIO-TA... Biological Oil Stain Remover for use on Tarmacs and Asphalt

A biological oil stain remover which removes and degrades oil stains. Bio TA will not erode or degrade tarmac nor asphalt surfaces.

before

after

BIO GEL... Biological Oil Stain Remover for use on Gravel & Stones and Asphalt

Suitable for oil storage areas, bunds, transformer footings, railway lines etc. The BIO GEL biologically digests oil contamination from gravel, stones and top soil.

OT8 FC... Biological Floor Cleaner

OT8 FC is a dual acting product. It cleans oil contaminated floors and also biologically digests its own rinse water. Simply apply and rinse as the rinse water becomes both emulsion free and biologically enhanced enabling the bacteria and enzymes to significantly reduce oil discharges to the environment.

BIO TUBES... Oil Separator Bioremediation

These pillows will digest up to 2 kg of oil per week for up to 6-8 months. They are ideal for use in interceptors and bunds. Meets European oily water discharge limits.

Part No.	Description	Packaging	
OT8			
SA-OT8-12x1	12 x 1 liter containers of OT8	box	NEW
SA-OT8-4x5	4 x 5 liters containers of OT8	box	NEW
SA-OT8-20	20 liter container of OT8	container	NEW
BIO-TA			
SA-BIOTA-12x1	12 x 1 liter containers of BIO-TA	box	NEW
SA-BIOTA-4x5	4 x 5 liter containers of BIO-TA	box	NEW
BIO-GEL			
SA-BG-30	30 liter container of BIO Gel	container	NEW
OT8FC			
SA-OT8FC-4x5	4 x 5 liter containers of OT8 FC	box	NEW
SA-OT8FC-20	20 liter container of OT8 FC	container	NEW
BIO TUBES			
SA-BIOTU-3	Package of 3 Bio Tubes	bag	NEW
SA-BIOTU-6	Package of 6 Bio Tubes	bag	NEW

NEW

Water Based Biodegradable Degreasers.

SOBO D... General Purpose and Power Wash Degreaser

A truly powerful product which quickly degreases the heaviest of oil contaminated yards, factory floors and engineering components.

SOBO D is a blend of biodegradable surfactants designed to reduce the surface tension of oil and grease emulsions, thus enabling surfaces to be rinsed clean, oil and film free. SOBO D is also separator friendly.

Part No.	Description	Packaging	
SA-SOBOD-4x5	4 x 5 liter containers of SOBO D	box	NEW
SA-SOBOD-25	25 liter container of SOBO D	container	NEW

ROAD BIO... Cleans Diesel, Oil, Grease and Paint from Road Surfaces

An oil spill detergent that removes hydrocarbon and liquid paint spills from road surfaces. Road Bio is a blend of biodegradable surfactants which removes oil spills on roads without causing an emulsion nor contributing to surface erosion.

Road Bio has been awarded the highest overall marks from the Dutch Rijkswaterstaat when it comes to cleaning efficiency, environmental impact, cost and dilution.

Part No.	Description	Packaging	
SA-ROBIO-4x5	4 x 5 liter containers of Road Bio	box	NEW
SA-ROBIO-20	20 liter container of Road Bio	container	NEW

SOBO S GOLD... HOCNS Gold Standard Aqueous Degreaser

An internationally approved (Gold Standard) offshore rig wash and oil degreaser that quickly removes oil and grease contamination. SOBO S Gold is both marine and separator friendly.

Part No.	Description	Packaging	
SA-SOBOS-12x1	12 x 1 liter containers of SOBO S Gold	box	NEW
SA-SOBOS-4x5	4 x 5 liter containers of SOBO S Gold	box	NEW
SA-SOBOS-25	25 liter container of SOBO S Gold	container	NEW

Spill Decks ... A cost effective means for containing potentially hazardous leaks in drum storage and dispensing areas.

With their 80-liter capacity, these low profile, 2-drum spill decks are a cost effective means for containing potentially hazardous leaks in your drum storage and dispensing areas.

Each modular deck has built-in clips to easily and safely connect multiple decks to create a customized drum storage platform.

- Sump Drain Kit allows you to connect multiple spill decks in order to increase the overall sump capacity.

- Nestable decks minimize stock space and reduce your transportation costs.

- Built-in clips allow you to easily and safely connect multiple decks to create a customized drum storage platform.

- Grate pins prevent bulging walls and premature replacement of the unit.

- These decks have been engineered to make sure you can easily use your forklift to relocate your decks.

Part No.	Description	External dimensions	Sump Cap.	Load Cap.
SC-SD2	Spill Deck, 2-drum	132 (L) x 66 (W) x 15 (H) cm	80 liters	1136 kg
SC-DK	Sump Drain Kit - Install the optional sump kit to share capacity across multiple decks.			

Spill Pallets ... Ideal platforms for indoor storage of 110 and 200 liter drums or other containers.

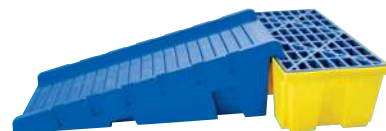

Whether you are looking to comply with governmental secondary containment regulations or just want the security of knowing your facility is protected, SPC spill pallets offer ample capacity (even if an entire drum empties into the unit).

Available in both a 2-drum and 4-drum configuration, the pallets offer up to 510 liters of containment.

- Both 2-drum and 4-drum spill pallets are the same height allowing easy transfer of drums from one pallet to the other.

- Optional ramp works with both the 2-drum and 4-drum spill pallets.

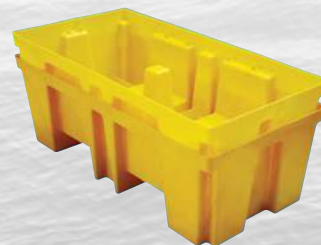

- These pallets have been engineered to make sure you can easily use your forklift or pallet jack to relocate your pallets.

- Grates can be interchanged between the pallets and offer large openings to easily remove spills.

- Nestable pallets allow you to make better use of plant, warehouse or trailer space.

Part No.	Description	External dimensions	Sump Cap.	Load Cap.
SC-DP2	Spill Pallet, 2-drum	132 (L) x 66 (W) x 43 (H) cm	260 liters	1136 kg
SC-DP4	Spill Pallet, 4-drum	132 (L) x 132 (W) x 43 (H) cm	510 liters	2273 kg
SC-DPR	Ramp	180 (L) x 76 (W) x 55 (H) cm		295 kg

Make your own IBC Containment Unit by connecting multiple 4-drum Spill Pallets ... A safe & secure solution that saves you money!

Thanks to the new sump kit also 4 drum spill pallets can be linked together - allowing you to create a containment unit with a sump capacity that is large enough to retain more volume than that of an IBC tank. For example : Connecting 3 x 4-drum spill pallets gives a total sump capacity of 1530 liters.

You can thus put up to 3 IBC units on the pallets and comply with the regulations which state that one has to be able to contain 110% of the largest container (1000 liters x 110% = 1100 liters) or 25% of the total volume (3 x 1000 liters x 25% = 750 liters).

- Injection moulded pallets ensure durability and consistent specifications.
- Grate pins prevent bulging walls and premature replacement
- Grates with large openings for easy leak detection and liquid/object removal.
- Forklift & pallet jack friendly for easy re-location of the pallets.
- Sump Drain Kit allows for an economical solution for IBC containment.

Part No.	Description	External dimensions	Sump Cap.	Load Cap.
SC-DP4	Spill Pallet, 4-drum	132 (L) x 132 (W) x 43 (H) cm	510 liters	2273 kg
SC-DK	Sump Drain Kit - Install the sump kit to share capacity across multiple pallets.			

Sentry QuickBerm OS ... A portable containment system with drive-in use that protects against leaks and spills.

- One piece design for a fast set up. It's ready to use and deploys in seconds - no assembly, inflation nor tools required.
- Heavy duty aluminum straps can collapse and lay flat as a truck or forklift pulls into the berm, and then be re-deployed.
- Made of lightweight vinyl for easy transporting and greater durability.
- Exterior straps facilitate the cleaning and decontamination of the sump area.
- Compact design requires a minimum of storage space.
- Resistant to fuels and chemicals.
- Meets or exceeds secondary containment regulations for most industrial and military applications.

Part No.	Description	Sump Capacity
SB-SQ3	SPILL BERM, Sentry QuickBerm OS, XR-5 vinyl 3 m x 3 m x 30.5 cm	2,830 liters
SB-SQ8	SPILL BERM, Sentry QuickBerm OS, XR-5 vinyl 3 m x 7.9 m x 30.5 cm	7,356 liters
SB-SQ11	SPILL BERM, Sentry QuickBerm OS, XR-5 vinyl 3.6 m x 10.9 m x 30.5 cm	12,227 liters
SB-SQ15	SPILL BERM, Sentry QuickBerm OS, XR-5 vinyl 3.6 m x 15.2 m x 30.5 cm	16,980 liters
SB-SQ16	SPILL BERM, Sentry QuickBerm OS, XR-5 vinyl 4.2 m x 16.4 m x 30.5 cm	21,396 liters
SB-SQ20	SPILL BERM, Sentry QuickBerm OS, XR-5 vinyl 4.8 m x 20.1 m x 30.5 cm	29,888 liters

Sentry Lite ... Cost-effective solution for containing spills.

- Ideal for transformer storage, saddle tank ruptures or equipment/ personnel decontamination.
- Made of lightweight vinyl – can easily be deployed and handled by 1 person.
- Compact design requires a minimum of storage space. The ideal solution for emergency response vehicles, trucks and maintenance shops.
- Re-usable for cost savings.

Part No.	Description	Sump Capacity
SB-SL44	SPILL BERM , Sentry Lite, 510 g vinyl 1.2 m x 1.2 m x 20 cm	299 liters
SB-SL46	SPILL BERM , Sentry Lite, 510 g vinyl 1.2 m x 1.8 m x 20 cm	450 liters
SB-SL48	SPILL BERM , Sentry Lite, 510 g vinyl 1.2 m x 2.4 m x 20 cm	602 liters

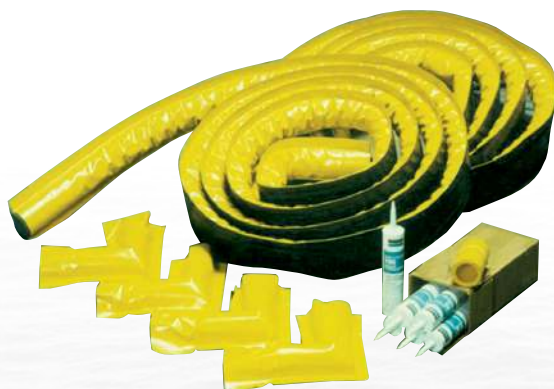

Note : Optional accessories including Ground Mats and Track Belts are available. These products protect your spill berm against damage caused by rocks, construction debris and tires. Custom sizes are also available.

Sentry Make-A-Berm ... The ideal way to contain leak prone equipment and/or protect busy walkways.

- Pliable construction (foam filled) - will spring back into shape, even if you drive over it with a forklift.
- User-friendly: Make a barrier any size or shape you want.
- Durable vinyl material resists oils, coolants and most chemicals.
- Easy to install.
- Yellow color for high visibility.
- Cost savings: No need to build expensive cement curbs or to install iron angels.

It's easy to Make-A-Berm:

Standard package includes:

- 2 sections of 7,6 m
- 6 tubes of silicone caulk
- 4 corners
- 1 roll of vinyl strapping

Step 1:
Unpack

Step 2:
Cut the end of the provided caulking tube

Step 3:
Apply 2 continuous beads of caulking on the bottom of the 'Make- A-Berm'

Step 4:
Place sections together and apply pressure

Part No.	Description
SB-MAB-KIT	MAKE-A-BERM, Kit incl. 2 x 7,6 m wall sections, 4 corners, 1 roll of strapping and 6 tubes of silicone caulk.
SB-MAB-WALL	MAKE-A-BERM, One section of 4,5 m
SB-MAB-COR	MAKE-A-BERM, Set of 2 corners

A word about Brady

Brady Corporation is an international manufacturer and marketer of complete solutions that identify and protect premises, products and people. Brady products help customers increase safety, security, productivity and performance. Products include high-performance labels and signs, safety devices, printing systems and software, and precision die-cut materials.

Brady's core capabilities in manufacturing, precision engineering and materials expertise make it a leading supplier to the Maintenance, Repair and Operations (MRO) market and to the Original Equipment Manufacturing (OEM) market.

To learn more about the Brady products and applications you can visit www.bradyeurope.com

To request any of the Brady catalogs, contact your local Brady office.
